JOHN O' GROATS TRAIL

Coastal walking route from
Inverness to John o' Groats

Association of Northern Trails

Dear Members and Friends,

A short message today, with a couple of exciting bit of info from the ANTS team.

We're looking for new volunteers to join the phenomenal team we already have supporting the Trail. There are two ways you can get involved:

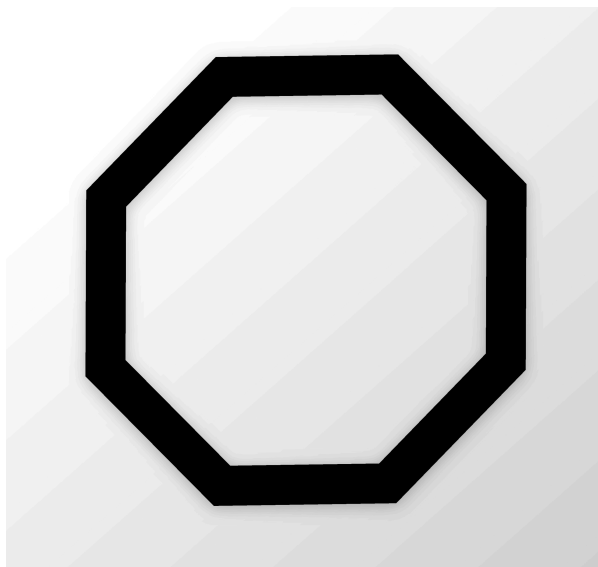

As a Warden: Our wardens are a roving band of volunteers who each look after and report back on a section of the Trail that they walk regularly, it can be as little as a kilometre, or entire sections for the really keen walkers!

As an Ad Hoc Volunteer: Folks who fancy joining our team on occasional sessions throughout the season to help with maintenance and upkeep of the Trail, anything from strimming and gorse bashing to bridge building and wildlife surveys! We run a small WhatsApp group and pop messages in when we're heading out, no firm commitment needed, just the occasional bit of availability and willingness to help.

Berriedale.... pop along!

Can't make that date but still interested? Drop us a message and let us know if a weekend or alternative date would suit better.

If you'd like to attend, please register your interest by emailing walk@jogt.org.uk, and we'll send out more details.

Our second bit of exciting news is that ANTS has launched our very own, free app for those walking the Trail!

In what feels like a huge achievement for us, the **John o' Groats Trail App is now live!** You can download the app and get our maps built right in, letting you hike the Trail even offline. It also has handy features like points of interest, so you can easily locate ATMs, restaurants, and local sights along the way.

We're more than a little excited about this addition to Trail technology. A big thanks to App Developer Theo, who supported us in bringing this to life.

The app is currently available on the Apple App Store (search "JOGT" and look for the octagon logo), with an Android launch coming soon..... watch this space!

For more info, head to [the John o' Groats Trail App page](#).
